BURKBURNETT Texas
You're Home Now!

Board of Commissioners Agenda Memo

From: Tim James, P.E. – City Manager

Date: November 19, 2012

Item: Discuss and take any action necessary on the AMR Ambulance Contract.

Background

The current AMR Ambulance Contract is set to expire in November 2012. The EMS Advisory Board includes the City Managers from Wichita Falls, Burkburnett, Iowa Park, the Fire Chief from Wichita Falls, County Judge, three At-Large appointments and one physician. The Burkburnett representatives include myself and Dan King. The EMS Advisory Board has recommended approval of a new five-year contract.

Fiscal Impact

The City of Burkburnett's cost is $2,500 which represents 5% of the total contract price and will be the same for FY 2013. Each subsequent year the contract will increase by 3.8%.

Options

- Approve AMR Ambulance Contract
- Take no Action

Staff Recommendation

Staff recommends that the Commission approve the AMR Ambulance Contract.

- AMR Ambulance Contract

AGREEMENT FOR EMERGENCY AMBULANCE SERVICE TO WICHITA COUNTY AND THE CITIES OF WICHITA FALLS, BURKBURNETT AND IOWA PARK, TEXAS

This Agreement, made and entered into this the 20th day of November, 2012, by and between Wichita County, Texas, the City of Wichita Falls, Texas, the City of Burkburnett, Texas, and the City of Iowa Park, Texas, acting by and through their respective Executive Officers, hereinafter referred to as "Entities," and American Medical Response Ambulance Service, Inc., d/b/a American Medical Response, hereinafter referred to as "Contractor"

W I T N E S S E T H:

For and in consideration of the mutual covenants and conditions herein contained, the parties hereto do hereby agree as follows:

I. Duration and Independent Contractor Status

A. The term of this Agreement shall be for a five year period beginning November 20, 2012, and ending November 20, 2017, subject to satisfactory performance by the Contractor as outlined herein. If Contractor does not desire to renew this agreement beyond November 20, 2017, it shall give written notice of its intent not to renew at least 90 days before November 20, 2017. Failure to give such required notice within the time specified shall forfeit the performance bond referenced in paragraph IX unless the parties negotiate an extension of this Agreement.

B. Contractor agrees to furnish emergency ambulance service as an independent contractor for the purpose of making emergency medical service calls within the limits of Wichita County.

C. It is expressly understood and agreed by and between Entities and Contractor, that Contractor is an independent contractor in its relationship to the Entities, and that nothing contained herein shall at any time or in any manner be construed as an agreement of partnership or joint venture or render any party hereto the employer or master of any other party and/or its employees, agents or representatives.

D. Nothing in this Agreement is intended, nor shall be used to prevent the Contractor from securing non-emergency transportation contracts with area facilities. It is expressly understood that the Contractor may, at its sole discretion, choose to contract at discounted rates or increased rates completely independent of the rates specified within this Agreement.

II. Service Level

A. Contractor shall provide emergency medical service, twenty-four (24) hours per day, seven (7) days per week. Emergency medical service means services used to respond to an individual's perceived need for immediate medical care and to prevent death or aggravation of physiological or psychological illness or injury. Such services will be performed when notice is given to Contractor by Entities' Police Departments, Wichita Falls Fire Department, Wichita County Sheriff's Department, or by anyone, that circumstances exist in Wichita County which require immediate aid in a medical emergency wherein the person or persons are transported to the Emergency Room for treatment. Emergency medical service specifically does not include any call involving routine, non-emergency transfers to or from an inpatient clinic, nursing homes or hospitals, or transportation outside Wichita County.

Emergency medical service includes:

1. Advanced Life Support (ALS) - emergency pre-hospital care provided by a specially skilled emergency medical technician or a paramedic emergency medical technician using invasive medical acts. The provision of advanced life support shall be under the medical supervision and control of a licensed physician. The physician shall operate out of an office located within the jurisdictional boundaries of the Region.

2. Basic Life Support (BLS) - emergency pre-hospital care provided by an emergency care attendant or basic emergency medical technician using non-invasive medical acts. The provision of basic life support shall be under the medical supervision and control of a licensed physician.

B. In all instances, Contractor shall attend to emergency medical service calls prior to all other calls, and Contractor shall schedule its resources to have emergency medical service capability at all times to any point within Wichita County.

C. Emergency medical service crews, vehicles and equipment shall be located at a base station and, if deemed necessary, substations to respond with utmost urgency to possible emergency medical service calls, except under severe weather conditions such as ice on the streets or unavailability of units because of other emergency medical service calls, within the following maximum response times with a 90% minimum response time compliance for all areas combined (response times begin at the receipt of the 9-1-1 call):

1. Within the city limits of Wichita Falls – 10:00 minutes;
2. Within the city limits of Burkburnett – 18:00 minutes;
3. Within the city limits of Iowa Park – 15:00 minutes;
4. Outside the city limits of an incorporated city, but within Wichita County - 25:00 minutes

D. The 90% compliance standard may be evaluated by the Entities on a monthly basis. Contractor's chronic failures (as defined below) to satisfy the 90% standard may be considered a breach of this agreement and amounts payable to Contractor may be deducted pursuant to the procedures set out by Section XXIII.

III. Personnel

A minimum of two persons shall comprise the ambulance crew required to be on each vehicle. All ambulance attendants shall hold and maintain, as a minimum standard, current certification by the Texas Department of State Health Services as an Emergency Medical Technician and possess a valid Class C Texas Drivers License. ***Every ambulance will be staffed and equipped to provide Advanced Life Support.***

IV. Location of Base and Substations

The emergency medical services vehicles, equipment and crews shall be located at a base station and at substations as may be necessary to provide service within the response time specified herein. The location of the base station and any substations, except for the existing location, must be in an area zoned either General Commercial or Heavy Commercial. Contractor shall notify Entities in writing thirty (30) days in advance of any changes in location.

V. Vehicles

Contractor shall assume full responsibility for all maintenance, repair and replacement of any ambulances owned or operated by Contractor.

All replacement ambulances purchased by Contractor shall at a minimum meet the standards of the Texas Department of Health Services' rules regarding certification of Emergency Medical Services vehicles, and designed, constructed and maintained to meet or exceed these standards.

Contractor shall ensure that all vehicles used for the purpose of providing ambulance service be maintained to meet or exceed the most recent standards as set out in KKK-1822B, dated November 1994, or as superseded or amended, GSA Federal Specifications, to adequately transport ill, sick or injured persons in comfort and safety, and shall be maintained in clean, sanitary, and in first-class mechanical condition at all times.

Contractor shall maintain a minimum of four ambulances in first-class mechanical condition at all times. Entities may inspect any ambulances operated by Contractor at any time, with reasonable notice to Contractor.

VI. Medical/Emergency Supplies

Contractor, at its own expense, shall fully stock each ambulance with equipment and supplies as required by the State of Texas. In addition, the Contractor shall reimburse the first-responding entity for disposable, consumable and/or billable medical supplies.

VII. Dispatching

Contractor shall be responsible for dispatching all emergency medical service calls. Contractor may maintain, at its own expense, a twenty-four (24) hour manned dispatch service for all ambulances and a direct telephone connection between its base station and the City of Wichita Falls Police Department, and direct communications between its base station and any substations. On receipt of an emergency call, Contractor shall, to the extent reasonably possible, promptly notify the City of Wichita Falls Police Dispatcher and, if the call is within the city limits of Burkburnett or Iowa Park, the Police Department of that City, of the location and probable route of the emergency ambulance answering such call and shall notify the Police Dispatcher of the involved City of the time when the ambulance reaches the location.

VIII. Insurance

A. It is expressly intended and understood that an independent contractor relationship is required under this contract. Contractor covenants and agrees to indemnify, hold harmless, and defend Entities and their respective agents, servants and employees from and against and assume all liability and responsibility for any and all claims for damages or injuries to persons or property of whatsoever kind or character, whether real or asserted, arising out of or incident to the operations of Contractor's ambulance service and all other of its operations arising under or otherwise incident to the provisions of this contract.

B. Contractor shall provide, at its own expense, the following insurance coverage:

1. Comprehensive automobile insurance coverage extended for fire, theft or any other physical loss of ambulance except by collision or upset.

2. Collision and upset insurance for all ambulances with value no less than current value of vehicle and contents.

3. Automobile liability insurance coverage as required by State Law as may be amended from time to time. Current requirements are in amounts of at least One Million Dollars ($1,000,000) bodily injury per person; One Million Dollars ($1,000,000) bodily injury per incident; and One Million Dollars ($1,000,000) property damage.

4. Professional malpractice liability policy in a minimum amount of Five Hundred Thousand Dollars ($500,000).

C. Insurance must be written by companies licensed to do business in the State of Texas.

D. Contractor agrees to name Entities as additional insured in the Automobile policy.

E. All insurance policies must contain a provision that the policy shall not be canceled or otherwise terminated until after endeavoring to provide at least thirty (30) days written notice of such cancellation, modification, expiration, or termination to the Entities.

F. All insurance policies shall be in form and content satisfactory to Entities and should be submitted to the City of Wichita Falls and Wichita County at the time of contract execution.

IX. Performance Bond

Contractor shall provide a performance bond in the amount Five Hundred Thousand Dollars ($500,000) payable to the City of Wichita Falls for the benefit of the Entities, guaranteeing the full and faithful execution and performance of the contract at the time of contract execution. Said bond shall be executed by the Contractor and one corporate surety authorized to do business in the State of Texas. The surety shall designate a resident agent in Wichita County, Texas, to whom any requisite notices may be delivered and on whom service of process may be had in matters rising out of such suretyship. A duplicate original of the performance bond shall be provided each Entity. The performance bond shall remain in effect during the entire term of this agreement or any extension thereof. In the event of a breach of this agreement by Contractor and Contractor fails to cure that breach within thirty (30) days of receipt of the written notice from the City of Wichita Falls and the Entities determine to terminate this agreement, the performance bond may then be called by the City of Wichita Falls. Upon receipt of the proceeds of the performance bond by the City of Wichita Falls, such amount shall be utilized to provide ambulance service to the governmental entities on an interim basis, the manner and method of providing such service to be agreed upon by the parties until a permanent provider of such service is operational. Any remaining funds not utilized to operate and equip an interim ambulance service shall be divided among the governmental entities in proportion to the respective populations that reside in the areas identified in paragraph II. and served by the ambulance provider.

X. Use of Emergency Warning Devices

A. An ambulance may respond to a call using red lights and siren.

B. After an ambulance has responded to a call and arrived at the point of pickup, the ambulance shall not proceed to the hospital or other destination with the use of such emergency warning equipment except in the case of dire emergency. Dire emergency includes, but is not limited to: acute respiratory distress, impaired breathing, airway blockage; bleeding beyond control; poisoning; immediate and pending childbirth; and pursuant to orders or recommendations of a licensed physician.

XI. Dead on Arrival Procedure

The following procedure shall be followed by Contractor when the subject of the emergency call is dead on the arrival of the ambulance. Dead on arrival, as used herein, shall mean a determination of death by medical doctor or a registered nurse or physician assistant, if permitted by written policies of a licensed health care facility, institution, or entity providing services to that person. Where there is not any instruction given by the Justice of the Peace conducting an Inquest, the next of kin, or other responsible person related to the deceased, as to where the body shall be delivered, the ambulance driver shall deliver it to a hospital until a licensed medical doctor or a qualified registered nurse or physician assistant formally pronounces the subject dead.

XII. Trip Log

Contractor shall maintain records of the time, place of origin, destination, charges, and attendants for each trip made. The Contractor shall retain this information for a minimum of two years and the information shall be available to the City-County Health Officer or representatives of the Entities on request.

XIII. Financial Information

A. Contractor shall maintain all financial records in a manner consistent with generally accepted accounting principles, practices, procedures and standards as defined by the American Institute of Certified Public Accountants.

B. Within one-hundred twenty (120) days of the year's close, Contractor shall, at its own expense, employ an independent certified public accountant to be approved in advance by Entities to audit the Contractor's books and financial statements related specifically to this Agreement. Contractor shall also provide the Entities with unaudited monthly financial statements that include income statement, balance sheet, statement of changes in cash position and statement of changes in financial position. The financial statements for each month shall be provided to the representatives of Entities serving as the liaison between the entities and Contractor by the 20th of the month following.

C. Entities shall have the right, at all reasonable times during normal business hours, to inspect and/or audit all financial records and books of Contractor.

D. Contractor shall maintain a complete and separate record of all revenues and expenses concerning this Agreement.

XIV. License of Public Convenience and Necessity

Prior to execution of the contract, Contractor shall obtain and at all times maintain a current license of public convenience and necessity and a franchise certificate issued by the Environmental Division of the Wichita Falls-Wichita County Public Health District

in accordance with the City's Code of Ordinances as it may be amended from time to time.

Every person proposing to operate an ambulance service in the city shall make application, in writing, in the form promulgated by the Director of Health, requesting that the City Council grant it a franchise certificate to operate an ambulance service under this article. The application shall be sworn and filed with the Director of Health, setting forth full and complete information on the following matters:

XV. Relationship with Entities

A representative of Entities shall be assigned to serve as a liaison between Entities and Contractor and to monitor the contract on behalf of Entities.

XVI. Rates

A. Rates for ambulance services shall be as specified in Addendum A. No items or charges can be invoiced to the patient for goods or services not included in addendum A.

Any changes in Addendum A proposed by Contractor must be reasonable and necessary and have prior approval of Entities. The parties to this contract recognize that changes to the health care industry and/or federal, state and local law may necessitate a review of the rates specified in Addendum A. To that end, Contractor reserves the right to request a change to the rates specified in Addendum A. The Entities are under no obligation to approve such request. The Entities shall approve or reject Contractor's request for a change to Addendum A within ninety (90) days of Contractor's written notice.

B. The rates to be charged shall be posted in every ambulance in a conspicuous place, readily visible to the occupants.

XVII. Assignment of Contract

Contractor shall not assign this contract or any rights or responsibilities hereto in whole or in part to any person, firm or corporation without prior written consent by Entities.

XVIII. Execution of Contract

No contract shall be binding on Wichita County and the Cities of Wichita Falls, Burkburnett and Iowa Park until it has been approved by the governing bodies of the Entities and has been executed by the Chief Executive Officers of Entities and delivered to the Contractor.

XIX. Equal Opportunity

Contractor shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, natural origin, or age. Contractor shall take affirmative action to insure that applicants are employed, and that employees are treated during employment without regard to their race, religion, color, sex, national origin, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other compensation; and selection for training, including apprenticeships. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth their policies of non-discrimination.

XX. Exclusivity

Contractor shall have the exclusive rights within the jurisdictional boundaries of the Entities to provide emergency medical services when the call is initiated from a 9-1-1-call. Exclusivity shall not apply to non-emergency ambulance services.

XXI. Subsidy

A. The Entities covenant and agree to pay Contractor for providing emergency and transfer service in Wichita County, Texas, as provided in this contract, the sum of Fifty Thousand Dollars ($50,000) annually, for the first year of the contract, and increasing 3.8% annually each year thereafter (See Addendum A for Subsidy Schedule) payable as follows:

1. One-twelfth (1/12) of the annual subsidy shall be payable on the last day of each month.

2. The Entities shall retain the right to seek adjustments in the subsidy at any such times the other collections by the Contractor are increased to the extent the Entities feel reconsideration of the subsidy amount paid by Entities is merited. The Entities will provide Contractor with ninety (90) days prior written notice of any decrease in the subsidy.

3. The Entities agree to pay subsidy amounts to the City of Wichita Falls an amount(s) as allocated below. The City of Wichita Falls shall then pay to the Contractor the amounts due as specified in A1 above.

   - Wichita County 50% of annual subsidy
   - City of Wichita Falls 42% of annual subsidy
   - City of Burkburnett 5% of annual subsidy
   - City of Iowa Park 3% of annual subsidy

B. Contractor shall provide to Entities, at no additional charge, services to persons who are wards of Entities. The term "ward" shall mean a person who is in the custody, care and protection of one of the Entities.

XXII. Liability

The shareholder, or his successor or assign, of American Medical Response Ambulance Service, Inc. shall be liable for any debts or obligations of Contractor.

XXIII. Remedies for Non-Performance

A. Either Contractor or Entities may terminate this contract at any time due to the continued failure of the other to comply with any or all material terms of the contract, or habitual neglect or continued incapacity to perform other obligations herein. The non-defaulting party shall provide to the other parties its intent in writing, certified mail, return receipt requested, to terminate this contract. Such notice shall include a recitation of the specific failures on the part of the defaulting party, and, upon receipt of such notice, such defaulting party shall have thirty (30) days to rectify such defaults and fully comply with all requirements set forth herein. Should the defaulting party not rectify such defaults within the thirty (30) day period, the non-defaulting party may terminate this contract. Notice provided by paragraph F. of this section shall conform to these requirements and shall serve and satisfy the requirement for notice contained herein if the violations continue for a thirty (30) day period after receipt of notice.

B. Notwithstanding the above, the following shall be ground for immediate termination of the contract:

1. Dissolution of Contractor.

2. Sudden or substantial and permanent inability of the Contractor to meet its obligations under the contract, such that the purposes of this contract are frustrated.

3. Voluntary bankruptcy.

4. Involuntary bankruptcy, and same is not dismissed within ninety (90) days from the date of filing.

Entities retain the right, however, to continue the contract on a month-to-month basis until such time as Entities see fit to fully terminate this contract.

C. It is further agreed by the parties that actual damages which might be sustained by Entities by reason of breach by Contractor of its promise to perform the obligations contained in the following Sections would be uncertain and difficult to ascertain:

1.	Section II.	Service Level
2.	Section III.	Personnel
3.	Section V.	Vehicles
4.	Section VIII.	Insurance
5.	Section IX.	Performance Bond
6.	Section XIII.B.	Monthly Financial Statements
7.	Section XIV.	License
8.	Section XXV.	Compliance with State Law

It is agreed that the Entities may deduct an amount equal to a per diem of the monthly subsidy multiplied by the number of days any material breach of these certain sections continued after five (5) days receipt by Contractor of written notice of default ("Per Diem Damages"). For example, if the annual subsidy is $50,000 and if the Entities provide Contractor with a five days notice for the Personnel requirement and Contractor did not correct the requirement for another two (2) days, Contractor would owe $277.72 (2 X $138.86) as liquidated damages. It is agreed that such amount is reasonable and just for such delay in performance, that timely performance of such obligations is of the essence, and that Contractor shall bear such deduction as liquidated damages, and not as a penalty.

D. For violations of Section II, "Service Level," two conditions must exist before the Per Diem Damages will apply. First, the Contractor must chronically fail to meet the 90% monthly compliance threshold on emergency transports; "chronically" shall be missing the monthly compliance three (3) months in a row or missing monthly compliance in four (4) months in a calendar year. Second, the Per Diem Damages shall only apply to transports where the Contractor's response time exceeds the response time standard by five (5) minutes. The Entities may then deduct an amount equal to a Per Diem ratio of their monthly subsidy contribution. In determining whether a transport is exempt from the response time standard, the Entities shall consider such factors including, but not limited to:

1. Calls where information on medical need is not immediately available (this situation exists when an Ambulance is not originally dispatched after the PSAP receives the call, but is subsequently requested by on-scene public safety personnel);

2. Ambulances blocked by a train (Ambulances will immediately notify the Contractor dispatcher when an Ambulance is blocked by a train and when the train is cleared and travel resumes);

3. In the event of a Multiple-Casualty Incident ("MCI"), all Ambulances responding to the MCI call other than the first Ambulance on the scene;

4. Severe weather conditions including dense fog, heavy rain or flooding, snow, or ice, except if inclement weather was predicted sufficiently in advance that levels of preparedness should have been increased and such steps were not taken;

5. Situations where the dispatch center received false or inaccurate information or was unable to obtain adequate response information;

6. Calls for standby at fire service calls.

7. Calls for standby at law enforcement incidents.

E. Pursuit of the remedies described above shall not preclude pursuit of any other remedies provided in this Agreement or any other remedies provided by law, nor shall pursuit of any remedy herein provided constitute a forfeiture or waiver of the violation of any of its terms, provisions, and covenants. No waiver of any violation shall be deemed or construed to constitute a waiver of any other violation or a breach of any other terms, provisions and covenants contained in this Agreement, and forbearance to enforce one or more of the remedies provided upon an event of default shall not be deemed or construed to constitute a waiver of such default.

F. Any notice required or permitted by this Agreement shall be in writing and shall be delivered as follows: by certified or registered mail, return receipt requested, upon verification of receipt. Notice shall be sent to the following addresses:

TO CITIES:

City of Wichita Falls
P. O. Box 1431
Wichita Falls, Texas 76307
Attention: City Manager

City of Iowa Park
P. O. Box 190

American Medical Response Ambulance Service, Inc.
6200 South Syracuse Way, Suite 200
Greenwood Village, CO 80111

XXIV. Venue

It is expressly agreed and understood by the parties to this contract that venue for any disputes arising out of the rights or obligations contained in this contract shall lie in the state courts of Wichita County, Texas.

XXV. Compliance with State Law

A. If any paragraph, sentence, phrase or word of this contract requires a lesser standard than is required under Chapter 773 of the TEXAS HEALTH & SAFETY CODE and the rules and regulations promulgated thereunder, or as such statute, rules, and regulations are amended during the life of this contract, then the provisions of said statute, rules and regulations shall be deemed the minimum standard required by Contractor.

B. The parties will comply in all material respects with all applicable federal and state laws and regulations including, the federal Anti-kickback statute.

C. Contractor has made available to each party a copy of its Code of Conduct, Anti-kickback policies and other compliance policies, as may be changed from time-to-time, at Contractor's web site, located at: www.amr.net, and each party acknowledges receipt of such documents. Contractor warrants that its personnel shall comply with Contractor's compliance policies, including training related to the Anti-kickback Statute.

D. Each party represents and certifies that neither it nor any practitioner who orders or provides Services on its behalf hereunder has been convicted of any conduct that constitutes grounds for mandatory exclusion as identified in 42 U.S.C.§ 1320a-7(a). Each party further represents and certifies that it is not ineligible to participate in Federal health care programs or in any other state or federal government payment program. Each party agrees that if DHHS/OIG excludes it, or any of its practitioners or employees who order or provide Services, from participation in Federal health care programs, the party must notify the other party within five (5) days of knowledge of such fact, and the other party may immediately terminate this Agreement, unless the excluded party is a practitioner or employee who immediately discontinues ordering or providing Services hereunder.

E. It is not the intent of either party that any remuneration, benefit or privilege provided for under the Agreement shall influence or in any way be based on the referral or recommended referral by either party of patients to the other party or its affiliated providers, if any, or the purchasing, leasing or ordering of any services other than the specific services described in this Agreement. Any payments specified herein are consistent with what the parties reasonably believe to be a fair market value for the services provided.

XXVI. Entire Agreement

The parties to this contract agree that they have read all provisions of this contract. Said contract is the complete and exclusive statement of the terms agreed upon, superseding all prior agreements or statements, either written or oral. No modification, amendment, or additional to this contract is valid unless in writing and signed by all parties hereto.

XXVII. Severability

If any of the provisions of this contract shall be invalid or unenforceable, same shall not invalidate or affect the validity and enforceability of any other provision, which provisions shall remain in force and effect.

XXVIII. Termination

Either party may terminate this contract without cause with a minimum of one-hundred-eighty (180) days written notice to the other party. If all terms and conditions of the contract have been met by the party requesting termination up to the time of cessation of services, such termination shall be without penalty to either party.

XXIV. Limits on Compensation

This contract is expressly conditioned on the availability of appropriated funds of Wichita County, pursuant to Article XI, Section 7 of the Texas Constitution. All compensation hereunder is contingent upon that availability. If funds for this contract become unavailable during any budget period, this contract may be immediately terminated or reduced by the County in its sole determination. Wichita County shall notify Contractor when it knows the funds for this contract will be reduced or eliminated. If Wichita County determines that it must terminate the contract hereunder, Wichita County will provide at least 15 days written notice prior to the date of termination.

This agreement made and entered into as of the date and year set out above.

Addendum A
Rate and Subsidy Schedule

I. ANNUAL SUBSIDY

Based on a 3.8% Annual Increase

YEAR	TOTAL SUBSIDY	WICHITA COUNTY (50%)	WICHITA FALLS (42%)	BURKBURNETT (5%)	IOWA PARK (3%)
2012-13	$50,000	$25,000	$21,000	$2,500	$1,500
2013-14	$51,900	$25,950	$21,798	$2,595	$1,557
2014-15	$53,872	$26,939	$22,626	$2,694	$1,616
2015-16	$55,919	$27,959	$23,486	$2,796	$1,678
2016-17	$58,044	$29,022	$24,379	$2,902	$1,741

II. AMR BILLING RATES

Based on a 3.8% Annual Increase

YEAR	BLS EMERGENT	BLS NON-EMERGENT	ALS EMERGENT	ALS NON-EMERGENT	ALS 2	MILEAGE
2012-13	$450.66	$450.66	$579.57	$579.57	$579.57	$11.89
2013-14	$467.79	$467.79	$601.59	$601.59	$601.59	$12.34
2014-15	$485.56	$485.56	$624.45	$624.45	$624.45	$12.81
2015-16	$504.01	$504.01	$648.18	$648.18	$648.18	$13.30
2016-17	$523.16	$523.16	$672.81	$672.81	$672.81	$13.80

III. AID CALL

The billable rate for Aid Calls (ambulance responded and treated patient, but patient refused transport) will be $75.00 per call for the duration of the contract.
