Item 10. Mike Whaley, Public Works Director, addressed the Mayor and Commissioners stating this Final Plat was prepared by Corlett, Probst, & Boyd for owners Rick Otto and Timothy Morris for the purpose of constructing a multi-level apartment complex (64 units). The City of Burkburnett and the BDC have been working with the Overland Property Group in their application to the TDHCA (Texas Department of Housing and Community Affairs) in regards to the Housing Tax Credit and HOME Investment Partnership Program. This program is very competitive in which the Overland Property Group ranked first place for their submittal of the Saddlebrook Apartments in the City of Burkburnett and have been awarded the tax credits. Mr. Whaley reported the Planning and Zoning Commission unanimously approved the Final Plat and it would be City staff recommendation to accept the Planning and Zoning recommendation to approve the Final Plat Lot 1 Block 1 Saddlebrook Addition.

Motion was made by Commissioner Andrajack, seconded by Commissioner Brewster to approve the Final Plat Lot 1 Block 1 Saddlebrook Addition.

Ayes: Mayor Law, Commissioners: Andrajack, Brewster, Love, and Tugman

Item 11. Mr. Whaley addressed the Mayor and Commissioners explaining this Final Plat was prepared by Corlett, Probst, & Boyd for owner Darren Broadus for the purpose of replatting designated lots to single-family detached home specifications as included in the current R-1 District (which are the same as the single family Residential-6). Originally the area was platted for zero-lot line residences; however, the owner believes that larger lots will be more marketable. Currently the property proposed is zoned R1 residential district which allows for a variety of medium density housing. The Plat reflects proper building line and easements. At this time the staff sees no conflict with the Zoning Ordinance or the Subdivision Ordinance. Mr. Whaley reported the Planning and Zoning Commission unanimously approved the Final Plat and it would be City staff recommendation to accept the Planning and Zoning recommendation to approve

Final Plat Lots 19-A thru 24-A and Lots 26-A thru 31-A Block 13 Jan Lee Heights.

Motion was made by Commissioner Andrajack, seconded by Commissioner Love to approve Final Plat Lots 19-A thru 24-A and Lots 26-A thru 31-A Block 13 Jan Lee Heights. Motion carried unanimously.

Item 12. Mayor Law closed the regular meeting at 7:55 p.m. and opened the “Public Hearing” for the following Planning & Zoning Commission Case:

- A. Case #2012-10, re-zone application for 800 block of Coulter, block rezoned as a planned development district.

Mike Whaley, Public Works Director, addressed the Mayor and Commissioners explaining this is a request brought forth by the City staff. Recently, a permit request for a zero-lot line home on Coulter brought an issue to light in regards to an existing problem with the set-backs on Coulter. After staff review, it was determined that the existing homes on Coulter did not meet the set-back requirements of a 25' front building lot line as set forth in the Zoning Ordinance and officially the City staff cannot grant a request for a building permit which violates the Zoning Ordinance. Therefore, it was determined that in order to approve this request and eliminate future issues, that a planned development district would need to be assigned to this area. Mr. Whaley stated legal notice and 200' radius written notices were completed per ordinance. Mr. Whaley informed the Board of Commissioners the remaining lots on the north/west side of Coulter will be designed as SF-6 lots and hold to all the existing requirements as set forth by the Zoning Ordinance and the lots on the south/east side of Coulter will remain zero-lot-line lots in which will hold to all existing requirements as set forth by the Zoning Ordinance except: 1) The front set-back requirement will be reduced from 25' to 5' (these homes are rear entry allowing for a lesser front set-back) ; and 2) the usable open space requirements will be reduced from 10% to 5%. Mr. Whaley reported the Planning and Zoning Commissioner unanimously approved the request for a Planned Development District and it would be City staff recommendation to accept the Planning and Zoning recommendation to approve the request for a Planned Development District for the 800 block of Coulter.

Item 13. Mayor Law closed the “Public Hearing” at 7:56 p.m. and reopened the regular meeting to take action on the Planning & Zoning Commission Case:

- A. Case #2012-10, re-zone application for the 800 block of Coulter, block rezoned as a planned development district.

This proposed agreement specifies the terms of the easement.
